

Insurance

You will be asked to pay co-payments and non-covered amounts prior to service. Fauquier Hospital is considered an "in network" provider for many insurance plans.

If Fauquier Hospital is not part of your plan's "in network" group, you will be responsible for a higher co-payment or percentage of your hospital charges for choosing a "non-network" hospital. It is your responsibility to confirm the "in network" status of Fauquier Hospital with your insurance company.

If Fauquier Hospital is not in your "in network" group, you will be responsible for whatever costs your insurance does not pay -- which may be considerable.
