Fauquier Health is committed to providing high-quality care close to home, further enhancing and expanding our services, and making the right investments to promote and protect the health of our region. We take seriously our responsibility to advance our mission of making communities healthier® and support our community as a vital economic engine. Our dedicated team is committed to going above and beyond to meet the needs of those we serve – both inside and outside our hospital walls. With support from community partners, like you, we continue to make a positive difference together and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. Thank you.

Rebecca Segal, FACHE, CEO

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in emergency and family medicine, gastroenterology, general surgery, OB/GYN, orthopedics and more.

By continually investing in our facilities, we're helping to ensure that we continue to meet our community’s healthcare needs. This year’s investments included a chiller replacement, micro analyzer, 10 new Centrella smart beds, ultrasound machines and new flooring in multiple departments.

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
